

## How Can We Help You Grow?

When you let professionals handle your non-core business functions you free up resources to help your business grow.

### Your Smart Office at PS

Today, you can grow your business and your profits by rethinking how and where you work.

With a Smart Office at PS you can enjoy access to our cyber cafes, or your own private office where you can hold meetings, check your e-mails, print reports on our high-speed color printers and enjoy our free gourmet coffee service.

Includes PS Executive Club membership.

### Your Executive Club

Your Executive Club membership entitles you to unlimited walk-in access to any of our cyber cafes during business hours. Here you can enjoy a cup of coffee with business associates, send and receive your business mail and packages, and take advantage of our color copy center.

### Your TouchDown Space

Most of our centers offer TouchDown space, a highly cost-effective private workstation in an open-plan office complete with high-speed Internet, a telephone with two-line access and free local calls.

Here you can concentrate on your work while staying connected in a professional business community. Meeting rooms and administrative support are available whenever the need arises.

You may select from 5-day, 10-day or unlimited access packages, and Executive Club membership is included.

Space may be limited, so you are advised to call ahead.
